SALISBURY STATE COLLEGE
SOCCER HISTORY

The Salisbury State College soccer team concluded the 1978 season with a championship victory in the Newport News Soccer Tournament to notch its eighth team title in the 45 year history of the sport at SSC.

It all began in 1934 when SSC was the State Normal School at Salisbury and Coach Benn Maggs fielded the first soccer squad nicknamed the Golden Gulls. Center forward Ardie Winters tallied the first goal ever for Salisbury and the first contest against Berlin School ended in a 1-1 tie. The original 1934 team logged a 3-4-2 record with the first victory ever in the school's history being a 7-1 triumph over the Wicomico Town Team.

The normal school status was dropped in 1935 and the college became the State Teachers College at Salisbury.

Maggs coached his Golden Gulls until 1941 when World War II and a call to the Navy determined his departure. Coach Maggs' top years until that time were in 1936 and 1938. He led the Gulls to a 7-4 ledger in '36 and finished the '38 season, the first in the Maryland Intercollegiate Soccer League, with a 6-4 slate and a fourth place finish in the MISL. The league was comprised of State Teachers College at Towson, State Teachers College at Frostburg, Western Maryland College, Blue Ridge College and the University of Maryland.

Soccer continued in the absense of Coach Maggs during the war. Reverend Robert Frazier coached the team in 1942 with a 2-3-0 record.

In 1943 and 1944 Miss Helen Jamart became head coach and was assisted by a Maryland State tropper named Goldy Tyler. Jamart had a 3-4-2 record during her two year stay.

Benn Maggs returned in 1945 and immediately led his kickers to the only undefeated season ever posted by a Salisbury State team. The Gulls were 7-0-3 in 1945 during a year in which the team tallied 58 goals. Tommy Young set the individual goal scoring and total points records that year as he tallied 28 goals.

more

In 1947 the State Teachers College at Salisbury reeled off eight straight wins until the University of Maryland snapped the skein and left the Gulls 8-1-0 for the year and with the best winning percentage (.888) a Salisbury team has ever posted.

The first team title was captured by the Gulls in 1949 with a triumph over Towson and a tie with Frostburg giving Salisbury a share of the State Teachers College championship.

STC earned the State Teachers College championship outright in 1950 and scored two more title wins in 1952 and 1953. In their non-title year of 1951 Salisbury trounced Kings College 9-1 to set a record for the most Gull goals in one game.

The glory days for Coach Benn Maggs came in the span of 1966-1973 when he notched eight straight winning seasons with the team now named the Sea Gulls. In the first four years during the streak Salisbury utilized stellar attackmen Andy Hall and Bruce Hartley, who each had 12 goal seasons.

In 1968, the year Salisbury State College became a liberal arts school, SSC joined the Delaware Valley Conference and went on to win the loop championship in 1968, 1969 and 1971.

The 1971 title holders had a freshman forward by the name of Harry Winters who scored 11 goals to start the top scoring career in SSC history. In 1972 Winters had 17 goals and one assist and during that season tallied five goals in a 6-0 victory over Eastern College to set single game point and goal records.

Winters concluded the 1974 season with 11 goals and one assist following a 1973 output of 15 goals, two assists. The talented SSC booter ended his SSC four year career with 54 goals and 59 points -- both still SSC records.

Coach Maggs winning string ended with a 6-6-2 break-even record in 1974 and concluded with a 3-10-1 season in 1975. The College affiliated with the Mason-Dixon Conference in 1974.

Benn Maggs won his 100th collegiate soccer contest in 1964 and in 1975 ended his home career on top of a 6-0 win over St. Mary's College which marked his 166th career victory. Coach Maggs was head mentor for the SSC booters for 40 years and compiled a .562 winning percentage. He was honored in 1977 when Salisbury State College named its new Benn Maggs Physical Activities Center after him.

In 1976 Keith Conners became head coach of the SSC soccer team. That year also marked the final season in the Mason-Dixon Conference. SSC went 1-13-1 in 1976, but improved the following season to 3-12. Coach Conners and the Sea Gulls turned the season around in 1978 by going 8-7-2 and concluding their season with the Newport News Tournament title.

In the 45 year history of soccer at Salisbury State College the Gulls have faced opponents such as Maryland, Virginia, Delaware, Loyola, Baltimore, George Washington and West Chester State.

During that time span the SSC squads built a 183-168-47 overall record (.521).

Additionally, under the leadership of Coach Conners, the Sea Gulls now compete annually in the SSC Indoor Soccer Tournament in the spring and are still in search of a berth in the NCAA Division III post-season tournament.
